Top 50 Communities based on policy count

CRS Class Data: May 1, 2017
Policy Data: January 31, 2017

NOTES:
As of May 2017, 177 communities in Connecticut participate in the National Flood Insurance Program. Of these communities, 9 (or 5%) participate in the Community Rating System (CRS).

Of the top 50 Connecticut communities (in terms of flood insurance policies-in-force), 8 participate in the CRS. The remaining 42 communities present an outreach opportunity for encouraging participation in the CRS.

Benefits of Joining the CRS

- * Activities credited by the CRS provide direct benefits to the community, including enhanced public safety, reduction in flood damage and environmental protection.
- * Residents are reminded that the community is working to protect them from flood losses.
- * Public information activities will build a knowledgeable constituency interested in supporting and improving flood protection measures.
- * Money stays in the community instead of being spent on insurance premiums.
