### Legend

#### Participating Communities

- Participating in CRS
- Top 50 Communities based on policy count

#### Non-Participating Communities

- Do NOT participate in CRS
- Top 50 Communities based on policy count

#### NOTES:

As of May 2017, 175 communities in Idaho participate in the National Flood Insurance Program. Of these communities, 20 (or 11%) participate in the Community Rating System (CRS).

Of the top 50 Idaho communities (in terms of flood insurance policies-in-force), 20 participate in the CRS. The remaining 30 communities present an outreach opportunity for encouraging participation in the CRS.

#### Benefits of Joining the CRS

- \* Activities credited by the CRS provide direct benefits to the community, including enhanced public safety, reduction in flood damage and environmental protection.
- \* Residents are reminded that the community is working to protect them from flood losses.
- \* Public information activities will build a knowledgeable constituency interested in supporting and improving flood protection measures.
- \* Money stays in the community instead of being spent on insurance premiums.
