CRS Class Data: May 1, 2017
Policy Data: January 31, 2017

NOTES:

As of May 2017, 408 communities in Nebraska participate in the National Flood Insurance Program. Of these communities, 6 (or 1%) participate in the Community Rating System (CRS).

Of the top 50 Nebraska communities (in terms of flood insurance policies-in-force), 6 participate in the CRS. The remaining 44 communities present an outreach opportunity for encouraging participation in the CRS.

Benefits of Joining the CRS

* Activities credited by the CRS provide direct benefits to the community, including enhanced public safety, reduction in flood damage and environmental protection.

* Residents are reminded that the community is working to protect them from flood losses.

* Public information activities will build a knowledgeable constituency interested in supporting and improving flood protection measures.

* Money stays in the community instead of being spent on insurance premiums.
