### NOTES:

As of October 2018, 32 communities in Alaska participate in the National Flood Insurance Program (NFIP). Of these communities, 6 (or 19%) participate in the Community Rating System (CRS). Of the top 10 Alaska communities (in terms of flood insurance policies-in-force), 2 participate in the CRS. The remaining 8 communities present an outreach opportunity for encouraging participation in the CRS.

### Benefits of Joining the CRS

- \* Activities credited by the CRS provide direct benefits to the community, including enhanced public safety, reduction in flood damage and environmental protection.
- \* Residents are reminded that the community is working to protect them from flood losses.
- \* Public information activities will build a knowledgeable constituency interested in supporting and improving flood protection measures.
- \* Money stays in the community instead of being spent on insurance premiums.
