As of August 2020, 465 communities in Kansas participate in the National Flood Insurance Program (NFIP).

Of these communities, 40 (or 9%) participate in the Community Rating System (CRS).

Of the top 50 Kansas communities (in terms of flood insurance policies-in-force), 17 participate in the CRS.

The remaining 33 communities present an outreach opportunity for encouraging participation in the CRS.

FEMA

NFIP/CRS

Benefits of Joining the CRS

* *Activities credited by the CRS provide direct benefits to the community, including enhanced public safety, reduction in flood damage and environmental protection.*
* *Residents are reminded that the community is working to protect them from flood losses.*
* *Public information activities will build a knowledgeable constituency interested in supporting and improving flood protection measures.*
* *Money stays in the community instead of being spent on insurance premiums.*
