**NOTES:**  
 As of August 2019, 145 communities in Maryland participate in the National Flood Insurance Program (NFIP). Of these communities, 14 (or 10%) participate in the Community Rating System (CRS).  
 Of the top 50 Maryland communities (in terms of flood insurance policies-in-force), 14 participate in the CRS. The remaining 36 communities present an outreach opportunity for encouraging participation in the CRS.

**Benefits of Joining the CRS**

- \* Activities credited by the CRS provide direct benefits to the community, including enhanced public safety, reduction in flood damage and environmental protection.
- \* Residents are reminded that the community is working to protect them from flood losses.
- \* Public information activities will build a knowledgeable constituency interested in supporting and improving flood protection measures.
- \* Money stays in the community instead of being spent on insurance premiums.
